# In A Rush?

## YKK AP delivers with the Rapid Building Envelope Program.

With the YKK AP Rapid Building Envelope Program, your order gets our firm commitment for fast shipments, so you can get started almost immediately on assembly of the building envelope. You will get products delivered quickly, on time to meet aggressive project schedules.

### Are you looking for speed?

Select from 20 product lines eligible for the Rapid Building Envelope Program. Since many jobs include special conditions like corners or receptors, all standard profiles and accessories associated with the systems are included in the Rapid Building Envelope Program with firm commitments.

Get fast delivery of products in four categories:

1. **In-stock inventory** is available for shipment in 72 hours. This program encompasses select profiles and parts within the storefront, curtain wall and window wall systems, including select door and frame packages.
2. **Complete framing systems**, including all standard profiles and accessories associated with select systems, are available for shipment in 7 to 15 days in anodized or standard painted finishes.
  - **Storefront systems:** YES 40 FS, YES 40 FI, YES 45 FS, YES 45 FI, YES 45 TU, YHS 50 FS, YHS 50 FI, YHS 50 TU
  - **Window wall systems:** YWW 45 FS, YWW 45 FI, YWW 45 TU
  - **Curtain wall systems:** YCW 750 OG, YCW 750 SplineTech, YHC 300 OG, YHC 300 SSG

3. **Standard and impact-resistant doors**, made to your specifications in anodized and standard paint finishes, are available for shipment in 10 to 15 working days. Select hardware options from the A2 section of YKK AP's price book are also available.

4. **Express windows**, in standard configurations shown on the next page, are available for shipment within 20 working days. Eligible products:

- **Open:** YES SSG Vent, YOW 225 TU, YOW 225 TUH, YOW 225, YOW 225 H
- **Factory glazed, 1":** YOW 225 TU, YOW 225

In most cases, your Rapid Building Envelope Program order will be part of a consolidated shipment from our Dublin, Georgia, plant. By streamlining shipments from a single point, we can get your complete order to you faster with less risk of damage.

For some products, certain configurations are not included in the Rapid Building Envelope Program. For program details and a listing of included options and configurations, please contact your local branch.

### Are you looking for reliability?

Perhaps you've been let down by manufacturer programs that hedge their promise of fast delivery by offering few products—and only for small quantities. The YKK AP Rapid Building Envelope Program makes realistic promises and covers a broader range of configurations. We have dedicated production to assure that orders are available for shipment to meet our commitments.

Product Type		Anodized Plus® Finish (All finishes unless noted)	Painted (10 standard colors)
Select framing systems	Non-thermal	 <b>7</b>	<b>10</b>
