YTD 350 T Thermally Broken Architectural Terrace Balcony Door

ouis, MO

The **YTD 350 T** Terrace Doors are the ideal choice for condominiums, hotels and high-rise residential properties, integrating smoothly with YKK AP wall systems. This terrace door utilizes a unique, three-way adjustable hinge and multi-point locking system, ensuring alignment so the door closes properly and creates a weather tight seal around the perimeter. Thermal performance is enhanced with YKK AP's MegaThem® technology, which also allows for dual finish capability.

- Single and paired door options
- Multi-Point Locking (MPL) for added security
- Low-Profile Sill option on a single outswing
- 10" bottom door rail option available
- Shipped fabricated and mounted on frame to greatly expedite installation in the field
- Factory glazed by YKK AP or unglazed
- 3 premium and durable handle options with 5 standard finishes available
- Tested in accordance with: AAMA/WDMA/CSA 101/I.S.2/A440-11

Thermal Values:

U-Factor:	Values as low as 0.37 *
CRF:	Minimum 56 frame and 66 glass

*Based on AAMA 507. Lower values may be achieved through further simulation.

Low Profile Option

The Low Profile Threshold option is intended to integrate into designs that require FHA-compliant access to balconies and terraces. Compliance can depend on hardware, approach area, reach, forces and motion; and therefore, must be verified by the architectural and engineering team for each application. With properly designed building conditions and correct installation, YKK AP low profile threshold components will meet accessibility criteria per the FAIR HOUSING ACT REGULATIONS 24 CFR 100.205 Chapter 4. "Thresholds and Accessibility Routes at Exterior Doors."
