

YOW 225

Operable Window with Monolithic or Insulating Glass

OPERABLE WINDOWS

A Quality Window at a Great Value

The YOW 225 windows have been designed and engineered to provide a quality window that will be worry free. The windows may be glazed with either monolithic or insulating units and has been developed to provide a variety of configurations to accommodate project requirements. The vents are flush with the frame thus eliminating unsightly overlap. The windows may be installed as independent units or configured to fit most YKK AP storefronts, window wall, or curtain wall systems.
