Subject: Compliance with the Build America Buy America Act

To Whom It May Concern:

We are pleased to confirm that YKK AP America Inc. (YKK AP) complies with the Build America, Buy America Act (BABAA). Specifically, YKK AP adheres to BABAA's requirements for products "produced in the United States," as we:

1. Manufacture our products at our facility in Macon, GA, and
2. Ensure that more than 55 percent of the total cost of components used in our products comes from materials mined, produced, or manufactured in the United States.

At our Macon, GA facility, we produce and extrude PVC bar that is integral to the domestic manufacture of finished residential windows and doors. This ensures that key materials used in the manufacture of our extrusions are sourced and processed domestically, reinforcing our commitment to supporting U.S. jobs and industry as well as the important and longstanding ties to the local economy and community where we are based.

As a company dedicated to manufacturing in the United States, we take pride in our adherence to BABAA and other domestic content procurement preference laws. Furthermore, we remain committed to our mission of producing superior quality products right here in the United States.

Thank you for your attention to this matter.

Sincerely,

Joshua E. Jensen
President, Residential Business Group
